

WATERSHED COUNCIL MEMBER SELF-EVALUATION

A Watershed Council is made up of individuals. Please use this first page to identify your own concerns. You might also use this checklist to make up your own personal plan of action to address any concerns you have identified through the watershed council self-evaluation process.

MY ROLE IN THE WATERSHED COUNCIL

Effective groups are diverse and dynamic. Please give an accurate depiction of your activity at this stage of your involvement.

	Always	Sometimes	Never	Unsure	NA
1 I understand and can explain our council's purpose and mission.					
2 I am aware of the status and purpose of our current projects.					
3 I am actively involved in a project or committee.					
4 I understand our basic organization and governing rules/bylaws.					
5 I participate in council discussions and contribute to finding solutions to problems.					
6 I act as a liaison to the community by collecting and sharing information.					
7 I advocate for the council's vision and evaluate proposals with regard to the mission.					
8 I listen to other council members and respect our decision-making process.					
9 I play an active role in helping our council define and respect ground rules.					
10 I help ensure that council decisions are respected and supported outside meetings and in the community.					
11 I encourage others to be involved with our council and help look for ways to continue bringing in new members and participants.
